

Hudson River Estuary Management Action Plan - draft

Restoration Plan Database: Crystal Reports of Individual Plan Summaries

I. BASIC PLAN DATA

Plan name:

Hudson River Estuary Management Action Plan - draft

Brief description of plan:

This Action Plan addresses key issues and actions which have been identified through consideration of the Hudson River Estuary Management Plan, public comment at hearings and meetings and the Final Generic Environmental Impact Statement. The plan aims to meet the ecological needs of the resource while serving the many user groups that place demands on the resource.

Region the plan is located within:

Mid-Atlantic Region

Watershed(s) included within the plan:

M060x

Area plan covers (in square miles):

square miles

Plan scale:

Multi-county

Plan's lead organization(s):

Hudson River Estuary Management Program, NY State Department of Environmental Conservation

Plan's Main Contact Information:

845-256-3015

On-line version of plan:

Date of original plan:

4/1998

II. TECHNICAL INFORMATION

Plan includes restoration goals: Y

Level of detail of the goals:

G

Summary of the goals:

1) Protect and restore aquatic habitat which supports fisheries, waterfowl, crustaceans and aquatic food chain species. 2) Develop and implement a Hudson River Habitat Restoration Plan focused on subtidal, intertidal, supratidal and tributary habitats; study the feasibility of and develop designs for restoring Hudson River habitats at up to 15 locations; develop methods to evaluate ecological benefits provided by Hudson River habitats in order to better plan restoration projects and assess success.

Plan recommends restoration of specific project sites:

N

Plan includes a discussion of funding sources:

Y

Plan addresses long-term protection of restored sites:

Y

Partners included in developing the plan:

Information not available

Type(s) of public outreach included during plan development:

Held public workshops, meetings, open house, or scoping meetings
Distributed brochures or other materials
Involved the media through news releases, public service announcements, etc.

Plan includes public outreach as part of plan implementation (e.g. annual public meeting, local group participation):

Y

Plan discusses the application of innovative approaches to restoration:

N

Plan make use of GIS mapping capabilities:

N

Plan addresses monitoring/reference sites for ecosystem level monitoring (baseline conditions) by:

G

Plan addresses monitoring/reference sites for project level monitoring by:

G

The plan discusses or coordinates with other restoration plans covering the same geographic area:

N

Other plan names:

Plan contains detailed information on historic and/or current habitat size, rate of loss, acres restored or protected, etc.):
